

Bringing public buyers and suppliers of innovation together

WHAT

Innovation Procurement Brokers (InnoBrokers) facilitates procurement of innovative goods and services by linking public buyers with innovative companies

HOW

Testing innovation procurement brokerage approaches at regional and European level

Supporting and carrying out assessment of public authority needs

Engaging with start-ups and SMEs across Europe to find innovative solutions to needs

WHY

Innovation procurement brokerage can provide opportunities for SMEs with solutions to public authority needs to bid for tenders

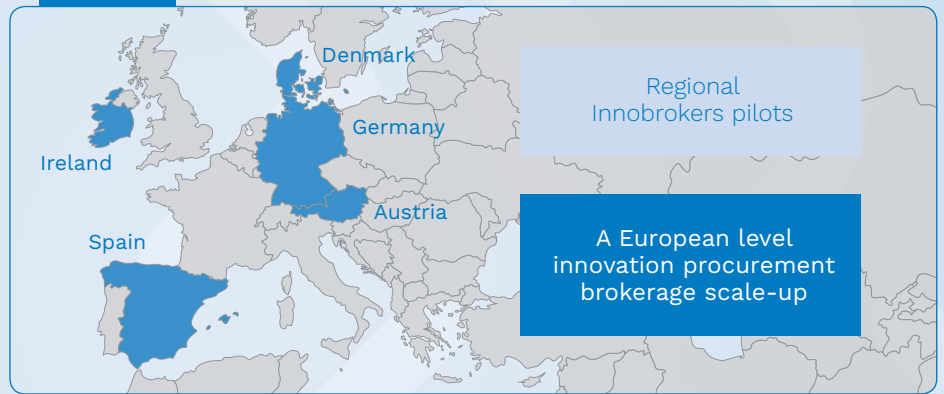

WHO

- Public buyers
- SMEs and start-ups
- Organisations supporting innovation procurement
